\$10,000,000 FIRE AT HOT SPRINGS

CITY SUFFERS WORST CALAMITY IN HISTORY—ALMOST WIP-ED OFF THE MAP.

(Hot Springs, Ark., Sept. 5.—The greatest fire in the history of Hot Springs has laid in ashes fifty or sixty city blocks and destroyed property to the value of \$10,000,000. The blaze started this afternoon in a house occupied by negroes on Church street, near the Army and Navy Hospital, but the wind carried the flames away from that section of the city.

At midnight the fire is still sweeping many structures.

The fire spread from Church street across to Malvern avenue, destroying the magnificent Park Hotel, one of the largest in the city; Cooper's livery stables, the water, light and power company's works and hundreds of business houses and homes.

Then the wind change again and carried the flames toward Central avenue. In a short time the entire southern section of the city was in flames.

If you Value Your Eyesight as An Expert Optician I have spent 20 years preparing myself to perfect the refraction of the eye. My modern equipment, backed by the long experience is your Guarantee of Satisfaction. A.D. Coon, Ramsey Drug Co., Ada, Ok.

The High School Building was destroyed, as were the Central Methodist and Orange Street Presbyterian churches, the Moody Hotel, another palatial establishment; the court house and all homes and boarding houses on Grand, Ouachita, Quapaw and prospect avenues.

Thousands of people are homeless tonight.

The Southwestern Telephone Company estimates its loss at \$250,000, and the public utilities loss at \$225,000.

Some of the most magnificent residences of the city were burned.

At midnight the fire had burned out to Hazel street, near the western limits of the city. If the wind does not change the remainder of the city is safe. There is danger of West Mountain houses catching fire and bringing the flames toward the main business section, which is not yet destroyed.

INTEREST IN MAINE FIGHT

Augusta, Me., Sept. 6.—The most exciting political campaign ever known in the Third congressional district of this state came to an end today. On Monday the special election will be held to select a successor to the late Representative Goodwin. The contest is between William R. Pattingall, Democrat, John A. Peters, Republican and Edward M. Lawrence Progressive. The Socialists and Prohibitionists also have named candidates, but they are not expected to cut much figure in the results.

That the contest is regarded as of far more than local importance is evidenced by the fact that the three leading parties have sent some of their best speakers, all men of national reputation, into the campaign. The importance of the contest is easily understood. Coming while the new tariff law is in the making, and when Congress is preparing to put through a new currency bill, a Democratic victory will be regarded as a strong endorsement of the Wilson administration. If the Progressives should win, it would mean that the new third party must be seriously reckoned in all political contests of the future, while a Republican victory, on the other hand, would be taken as evidence that the breach between the factions is disappearing.

Each of the three parties regards the district as excellent fighting ground. Last year the district was carried by the late Congressman Goodwin, Republican, over Samuel W. Gould, Democrat, the then sitting member, by a plurality of 709. There was no Progressive candidate. Mr. Roosevelt, however, received in November more than 11,000 votes to about 5,000 for Mr. Taft in the district and ran only 272 votes behind Mr. Wilson.

FIRE WIPES OUT TOWN OF BOKHOMA

Idabel, Ok., Sept. 5.—Fire which broke out late last night and raged uncontrolled until this morning, practically wiped out Bokhoma, Ok., a lumber village of 200 inhabitants, sixteen miles east of here, entailing a loss of \$500,000 and leaving only the Frisco station and a few negro shacks standing.

The Wilson Lumber Company of Dallas, Tex., was the heaviest loser, nearly every business enterprise in the town being owned by it, in addition to its sawmill, valued at \$50,000; its planer, containing thousands of dollars worth of machinery, the curing kilns, the general office, commissary department, three grocery stores, two hotels, drug store, dry goods store, butcher shop, eight large residences, the homes of lumber company officials, and many smaller residences and company staples.

Two hundred and fifty thousand dollars' worth of lumber ready for shipment burned. This also was the property of the Wilson company.

Telegraph and telephone communication has not been re-established with Bokhoma tonight.

The officials have no idea of the manner in which the fire started.

The town had a population of about two hundred, most of whom are left homeless and without employment.

The amount of insurance could not be ascertained.

Hyde Trial Next December.

Kansas City, Mo., Sept. 6.—When the case of Dr. B. Clarke Hyde is called in the criminal court here Monday the prosecuting attorney will ask that the trial be delayed until December in order that he may have more time to prepare his evidence. It is expected that the defense will agree to the postponement.

This will be the fourth trial of the famous case. Dr. Hyde is held for the alleged murder of his wife's uncle, Col. Thomas H. Swope, a millionaire philanthropist of this city. The motive alleged for the crime was a desire that his wife might inherit a part of her uncle's fortune. Col. Swope died on October 5, 1909. Dr. Hyde was tried in the May following, convicted and sentenced to imprisonment for life. The higher court remanded the case for a new trial. The second trial ended abruptly when one of the jurors escaped from the marshals. The third trial resulted in a disagreement of the jury.

Cotton Receipts at Stratford.

The cotton receipts for this season at this place is 250 bales. Prices ranging from 12.75 to 13.10. The heaviest daily receipt was Wednesday with 75 bales. It is predicted that the crop will be marketed by the first of November with the price not much below 15 cents. The continued dry weather is maturing the crop prematurely but the yield is fairly good.—Stratford Tribune.

A good resolution for all school patrons to make on the opening of the schools for the coming term would be to give the teachers more earnest cooperation than at any time in the past. To secure the best results the parents and teachers must be in sympathy with one another and work together. Often misunderstandings may be averted and threatened storms dispelled by inviting the teachers to the homes of the patrons. Get the view point of the teachers and give them an occasional word of encouragement. The worst pest in the community is the chronic sorehead who sees no fault in his children and who is always mouthing about the partiality of the teachers towards the children of others. With such environment at home the children will be more inclined than ever to make trouble with the teacher, relying on the parents to back them up. Of course the youngsters get the worst of it and eventually the parents have reason to regret the injury they have done their children in thus upholding them. We have in mind a man who once sent several children to a school with which we were connected. They were not naturally bad, but he was always kicking about their treatment, no matter who their teachers were, and as a result there was constant trouble. A short time ago one of his boys put the old man in the hole for about \$4,000 as a result of some unlucky poker games in which the perfect son had become involved. Having spent eight years in the school room our sympathies are with the teachers under ordinary conditions.

JURY DECLARES

CAMINETTI GUILTY

San Francisco, Sept. 5.—F. Drew Caminetti, son of Commissioner General of Immigration Caminetti, was found guilty Friday of violation of the Mann white slave act.

The jury was out three hours. From the first the vote stood ten to two for conviction and finally the two recalcitrants agreed to compromise by finding a verdict of guilty on one of the counts charged.

Bail in the sum of \$10,000 was furnished. Sentence will be pronounced Wednesday, September 10, the day set for sentencing Maury I. Diggs, jointly indicted with Caminetti and convicted on four counts. Exceptions to the charge of Judge Van Fleet were taken by counsel and a petition for an appeal will be filed, as was announced in the case of Diggs.

Caminetti took the verdict lightly. His mother and wife showed no emotion.

Diggs is liable to a maximum sentence of twenty years' imprisonment and \$20,000 fine and Caminetti to five years and \$5,000 fine.

Miss Helen Baker has returned to the city and will open her music classes Monday, September 8, at 120 E. 14th street.

FEARED LYNCHING

HEARING POSTPONED

Pauls Valley, Sept. 5.—Attorney Henry Carr last night presented a request from Judge Armstrong of the criminal court of appeals and the attorneys of John Lindsey, asking Judge McMillan to grant a stay of proceedings to prevent Lindsay from being carried back to Sulphur for preliminary trial for killing Editor Schrenck of the Sulphur Democrat. The stay was granted on the presentation that lynching was almost a certainty. Lindsey was rushed to Norman shortly after the killing and confined there for safe keeping. The preliminary hearing has been indefinitely postponed. Attorneys Ben Williams and J. B. Dudley of Norman and Henry Carr of Pauls Valley will represent the defense, while Moman Pruiett of Oklahoma City will represent the prosecution.

Mrs. C. A. Galbraith Honoree.

Thursday afternoon Mrs. W. H. Ebey was hostess to a 42 party given in honor of Mrs. C. A. Galbraith, who will leave in a few days for Oklahoma City, where she will reside several months. A large number were present and twelve tables were arranged for the players.

This afternoon Mrs. J. T. Conn is giving a farewell 500 party, also in honor of Mrs. Galbraith.

Mrs. Galbraith has always been recognized as one of the most popular ladies in the social circles of Ada and she will be badly missed.

ADDITIONAL LOCALS

A large number of normal students arrived today and by Tuesday it is believed that the number of matriculated will be much larger than ever before at the fall term.

Warren Kerrigan will appear at the De sota this evening in the great drama, "The Mystery of Tusa." He is supported by a cast of stars who make this one of the most brilliantly played dramas ever made. "The Doctor's Ruse" is a laughable comedy in which the doctor livens up business when it is slack.

The program at the Airdome this evening is an unusually strong one. Three reels of excellent pictures. "Stars of My Crown" is an exceptionally beautiful drama. "Mental Suicide" is another good one, and "He Poses for His Portrait" is a real comedy sensation. This is a combination that can't be improved on.

Monday evening, in addition to the regular moving picture program an illustrated lecture on the Oregon prison system will be delivered at the Majestic by Elmo Wright. Mr. Wright will fully explain the wonderful improvement that has followed the reforms in the Oregon prison system. The honor system will be fully explained and how it has worked a revolution in the lives of the prisoners. Among other interesting things to be exhibited will be the original "Oregon" boot, which has been such a terror to desperate criminals.

Sons of Veterans Will Meet Sunday.

C. C. Williams, commander of the Sons of Confederate Veterans, requests the News to announce that a meeting of the Sons is desired at the court house Sunday afternoon at 2 o'clock, when the veterans hold their regular meeting. At this meeting the Sons will elect delegates to the state reunion at Muskogee.

Pruritis a Severe

Form of Eczema

A Method of Home Treatment that is Very Effective.

There is probably no other remedy so well known as S. S. S. for the blood. And for this reason it is the one remedy invariably called for in treating pruritis and other skin diseases. But there are many people who do not insist upon having else, but insist upon S. S. S. It is really a remarkable remedy. It contains one ingredient, the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutriment. And the medical elements of this matchless blood purifier are just as essential to well-balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food. These facts are brought out in a highly interesting book on skin diseases, compiled by the medical department of the Swift Specific Co., 184 Swift Bldg., Atlanta, Ga. It is mailed free, together with a special letter of advice, to all who are struggling with a blood disease.

PROGRAMS AT IRVING AND HIGH SCHOOLS

Friday evening a large number of citizens and pupils gathered at the Irving and High school buildings in response to an invitation from Principals Floyd and Shipp to turn out and aid in the inauguration of the movement to make the schools the social centers of the community.

At the High school the program consisted of a number of addresses by citizens, music and some numbers by the little folks. Of the addresses the one by W. L. Whitaker on the history and manufacture of cement was highly instructive and full of interest. Very few know anything about the origin of the valuable building material and all learned something from Mr. Whitaker, who has been in the business almost ever since it began in the United States.

The grounds were well lighted and plenty of seats had been provided for the visitors. A temporary platform had been built in front of the building for the speakers.

The News has been unable to get in touch with any who attended the Irving school program and is unable to go into details concerning it.

BARGAINS IN KODAKS THE OPPORTUNITY IS HERE

This sale of used kodaks affords a once-a-year chance that we do not think you can afford to overlook. It comes about, that in the course of a year we sell a number of kodaks to people who wish to use them—say, during their vacation or for an excursion in the woods. After while they get so fond of kodaking that they come back to get different ones more adapted to their purposes or better ones. Naturally under the circumstances the most graceful thing we can do is to take them in exchange or as part payment. It is the kodaks accumulated in this manner that we are now offering at very reduced prices. "USED" not "second-handed" kodaks in splendid condition and sold to you with iron bound Ramsey's guarantee.

JEROME JAILED FOR PLAYING POKER

Coaticook, Quebec, Sept. 5.—William Travers Jerome, the New York district attorney who conducted the court fight which landed Harry K. Thaw in the Matteawan asylum for the criminal insane, and who, as special attorney, is now in Coaticook seeking to deport Thaw to the United States was arrested at an early hour this morning on a charge of gambling and lodged in the same jail that housed Thaw when he came here two weeks ago.

The complaint is made by Milford Aldridge, a Coaticook citizen, who says he saw Jerome playing poker publicly Thursday evening.

Thaw's lawyers disclaimed any knowledge of the arrest.

The belief prevails that the arrest was due solely to the ill feeling of townspeople who resent Jerome's presence in Canada.

Villagers, after Jerome's arrest, started a demonstration, yelling "Hooray for Thaw; now we'll deport Jerome."

Jerome indulged in a penny ante game yesterday with newspaper men using a suit case for a table while he sat in an automobile waiting the end of the Thaw hearing.

The complainant is a mill hand. Late today, Jerome was admitted to \$500 bail. He left the jail smiling.

The Thaw hearing was resumed this morning but lasted only a few minutes, then adjourned suddenly with the announcement that a decision would be rendered probably this evening.

CHATTANOOGA

READY FOR G. A. R.

Chattanooga, Tenn., Sept. 6.—"I am coming to the national encampment. I may never attend another. I want to see old Lookout Mountain again and Snodgrass Hill and the battlefields of Nashville and Franklin. And I want to meet my old comrades, probably for the last time, in the shadow of Missionary Ridge, where we fought side by side in 'the battle above the clouds' just fifty years ago."

The above is but one of thousands of similar letters that have been received by the local committees from veterans all over the country and which indicate that the national encampment of the Grand Army of the Republic soon to assemble in this city will be one of the best attended in the history of that organization.

The encampment will be far broader in its scope than a mere reunion of the soldiers who wore the blue. The indications are that thousands of gray-clad veterans who followed the fortunes of the Confederacy will be present to greet their former foes and to join with them in saluting the starry banner that waves over North and South alike. As a demonstration of patriotism the encampment promises to be scarcely less notable than the great reunion held on the battlefield of Gettysburg in the early summer.

The activities of the encampment will begin one week from today when Alfred B. Beers of Bridgeport, Conn., commander-in-chief of the G. A. R., will arrive with his staff and open headquarters at the Hotel Patten. For the seven days following there will be a constant succession of interesting events. The end of the encampment will come on the fiftieth anniversary of the closing day of the great battle of Chickamauga, where American met American on one of the most hotly contested fields of the war, where many thousands on both sides gave their lives or suffered from wounds fighting for that which they believed was right.

Chattanooga expects to entertain 200,000 visitors during the week of the encampment. The first two days will be given over entirely to reunions of army corps, brigades and regiments that participated in the many battles that were fought in this vicinity. Two of the most notable of these reunions will be held by the Society of the Army of the Cumberland and the survivors of Wilder's Brigade.

The annual parade, always one of the most impressive features of the G. A. R. encampments, will take place Wednesday morning. Many of the old soldiers will be too feeble to march in the ranks with their comrades. Realizing this, arrangements have been made to furnish carriages and automobiles for those who wish to participate in the parade, despite their inability to stand the severe strain of marching. Others will occupy seats in the reviewing stands, where they can witness the parade and cheer their comrades as they pass.

The first business session of the national encampment will open Thursday morning. The principal item of business will be the selection of a new commander-in-chief. The contest for the honor already bids fair to be one of the most spirited in many years. Five States, South Dakota, Michigan, New Jersey, Indiana and Nebraska, have entered favorite sons in the race. South Dakota has endorsed Captain N. H. Kingman, who served through the war with the 13th Wisconsin Regiment and has been one of the prominent figures in the G. A. R. since its organization. The choice of Michigan is ex-Congressman Washington Gardner, who enlisted in the

Union army when only sixteen and followed Sherman from Chattanooga to Atlanta. New Jersey's candidate is Col. Ralph D. Cole, who is expected to have the support of many veterans of the East and the New England States. Indiana is campaigning for Comrade O. A. Somers, who counts upon the support of all "who believe that the time has come when a private soldier should be honored." Nebraska has entered the lists with Col. C. E. Adams, a banker and farmer of Superior, Neb., who has a distinguished war record linked with the history of the 14th Army Corps.

But after all, the business of the encampment will be of secondary consideration. The informal reunions, the renewing of old friendships, visits to the old battlefields and numerous features of entertainment will take up the most of the time of the visitors. Guides will be furnished to pilot the old soldiers and their friends through the Chickamauga Military Park, to point out Snodgrass Hill, where Generals Thomas, Steedman and others checked the advance of the Confederate forces and saved the Union army. All are expected to visit again the scenes of the great battles of Lookout Mountain, Orchard Knob and Missionary Ridge, while many parties from the North will extend their sightseeing tours as far as Kenesaw

Mountain, Atlanta and other places where history was made in the '60s.

ENID EDITOR WILL MAKE RACE AGAINST GORE

Enid, Okla., Sept. 6.—Charles I. Stewart, editor of the Enid Morning News today issued a formal announcement of his candidacy for the United States senate to succeed Senator Thomas P. Mr. Stewart pitches his candidacy principally upon two issues; the importance of raising the standard of rural life by means of increased farm production, and in opposition to the control of federal patronage solely to pay obligations and to advance the fortunes of United States senators.

Negroes Back to Africa.

Okemah, Ok., Sept. 4.—Twelve families of negroes in this vicinity are disposing of their belongings and packing up preparatory to quitting this country and locating in Western Africa. In plain wrapper, by return mail, I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVICE" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. OF INTEREST TO SCHOOL PATRONS

Patrons of public schools of the city are advised not to make any book purchases until after the children are enrolled Monday at which time we give instruction as to the books that can be bought without question. We are trying to pursue a policy that will save the expense of purchasing two sets of books during the year. The courts will decide the book question during the coming week in the opinion of those who seem to be in close touch with the situation.

The Board of Education has designated the following sub-district boundary lines.

Pupils should attend the High school who live west and north of a line beginning at the limits of the city on the south and extending along the Katy Ry. to 14th street; west on 14th to Rennie Avenue; north on Rennie to 12th street; west on 12th to Townsend Avenue; north on Townsend to Main; west on Main to City limits.

Those who live west and north of a line beginning at the north limits of the city and extending along the Katy Ry. to the Frisco crossing; west on the Frisco to Main; and west on Main to city limits should attend the Irving school.

All pupils living east of the Katy Ry. and those living between the Frisco and the north boundary line of the High school sub-district between the

Frisco and the Katy railroads should attend the Willard school.

Pupils who live in the outlying territory should attend the school most convenient to them unless on account of crowded conditions or improper grading it becomes necessary to transfer them to another school.

All eighth grade pupils in the Willard sub-district should attend High school because this grade will not be taught at that building.

Students who have been promoted to the regular High school grades will attend at the High school building regardless of sub-district lines.

CITIZENS OF NORTH SIDE PROTEST

A. Kilpatrick, W. H. Rogers and other citizens of the north side are protesting very vigorously against the old city well being made the dumping spot of the garbage of the city. They report that the well is being filled up with all manner of garbage and that the stench is something fierce for quite a distance. Not only that, but a great many in that part of the city use well water and they fear that this will be the means of contaminating their wells and starting an epidemic of some kind. Most of them are some distance from the water mains and are not able to afford making a connection. They have no objection to the old well being filled up but they do object to the garbage filling.

The Skin and not the Blood.

Until recently it has been a generally accepted theory that eczema was a disease of the blood. Scientific investigations have taught us that eczema is positively a skin disease and curable through the skin alone. Meritol Eczema Remedy is applied directly to the diseased skin, the effect is marvelous and its results permanent. Do not delay trying Meritol Eczema Remedy.

Five Cent Advance in Oil.

Tulsa, Ok., July 8.—An advance of 5c in Mid-Continent oil, posted by all of the purchasing agencies today, means an additional \$8,000 daily to the producers of crude oil. The price is now 93c. This is the largest single advance made in this field, as independent purchasers of oil are paying a premium of at least 10c a barrel and are taking almost a fourth of the daily productions in the Mid-Continent field. Much of this oil will now sell at above \$1 a barrel.
Now it is predicted Mid-Continent oil will be selling at \$1.25 before the year ends.

MORE ATTENTION GIVEN

CATTLE THAN CHILDREN

Salt Lake City, Utah, July 8.—The address of President Edward T. Fairchild, who recommended radical reorganization, and the report of the committee on health problems, which charged that more attention was given to cattle than children, attracted interest at the National Educational Association's session here today.

"In many sections of the country the average rural schoolhouse in relation to its purpose is not as well kept or as healthful as a good stable, dairy barn, pig pen or chicken house," declared Dr. Thomas D. Wood Columbia University.
Dr. R. W. Corwin of the University of Colorado said that 15,000,000 out of 20,000,000 school children in the United States are diseased.

TWO COUNTY OFFICERS TAKE OATH OF OFFICE

W. T. Melton took his oath of office as county superintendent Monday morning and is now in full charge. He is not altogether a stranger there for during the past month or two he has filled the position of deputy under Supt. Pierce.

Pontotoc county has been particularly fortunate in this office. During his term of almost six years Supt. Pierce has labored diligently and successfully to bring the schools of Pontotoc county to a high state of efficiency and he has succeeded well. When he entered upon his duties at statehood he found nothing except a large expanse of unorganized territory, but he leaves it well organized, with dozens of well built school houses and fine system of schools.

Supt. Melton is a young man of energy, ambition and ability.

In point of service he ranks among the oldest teachers of the county and his path has led all the way from a small rural school in territorial days through the city school of Rock. He is a worthy successor to Supt. Pierce and during his term Pontotoc county

To Clean Paper.

To make a paste that will clean wall paper, mix a quart of flour with five cents' worth of ammonia and enough water to make a stiff dough, and knead until smooth. Then wipe the paper with the dough, working it so that a clean surface will be presented with every stroke, and the wall paper will look like new.—New Haven Journal Courier.

Very mysterious.

An old colored woman had occasion to call the doctor for her husband, who was very ill. The doctor made a diagnosis and pronounced it a severe case of gastritis. "Oh, Lor', doctor," ejaculated the old woman, "how did he eber get dat gastritis? I hain't burnt a t'ing but coal fire in dis yere house, an' powerful little ob dat."—Harper's Bazar for September.

Might Be the Fact.

Burglars who broke into a Paris flat recently removed all the fashionable pinner dresses belonging to the mistress of the house and left a number of old skirts. "The police," says a Paris correspondent, "suspect a fashion expert." We, on the other hand, are inclined to wonder if the burglary was not committed by the lady's husband, who may easily have been a simple-hearted fellow who wished to see his wife becomingly dressed for a week or two.—By-stander.

A good salesman.

"Well, Jingle," said the manager, "did you make the sale?" "Yea," said the salesman. "I couldn't get the darned old machine to run over half speed, but I arranged with one of the town constables to arrest us for exceeding the speed limit, and old Skeels fell for it right away."
